Hello, my name is I am taking part in a study about migration between Africa and the Netherlands and on links between people living in Ghana, and their families who live abroad.

Before we start, I'd like to briefly present the study to you, and inform you about your rights.

This study has been organised by the University of Ghana and Maastricht University (in the Netherlands).

For a number of years, African migration has been a major issue of public debate - in politics and the media, both in Africa and in Europe. However, this debate is often not based on real evidence, but rather on opinions.

In this study, which is organised by both Ghanaian and European researchers we are particularly interested in the effects migration has on family life, work and health.

We hope that this data will help us to understand the effects of migration on family life better, including its effects in Ghana. The findings will be used to contribute to public debates in Ghana and Europe, including debates on migration and development policies.

*If a question makes you feel uneasy, **you are not obliged to answer**. You can stop the interview at any time.*

*We guarantee that all the information you provide us with will be kept **confidential**.*

Your name and address are not recorded in the questionnaire – except your first name, so nobody will be able to identify you from the information that you give me.

*Before we start: **do you have any questions?***

FAMILY HISTORY: PARTNERS (COLUMN 2.1)

To continue, I would like to note the major events and periods of your life on this age grid. We will begin at the time of your birth. Later we will look at these periods of life in some more detail.

GRID: Locate year of birth in the grid, note 0 in the columns titled "age", and fill in these columns by retracing the age till the current age of the respondent.

To begin let's talk about the PARTNERS that you have had in your life, whether you were married to them or not. Please indicate also those partners from whom you have separated or who are deceased.

1st relationship:

Q **When did your first relationship start?**

To make it easier to remember, could you give me the first name of this partner?

GRID: Note in Column 2.1: P (partner), the number of the partner and the first name of the partner – "P 1 Akua" – in the grid at the start year of the relationship.

Q **Did you get married to this partner? If so, in what year?**

GRID: Note the name of the partner and an M after the name of the partner in the year the respondent got married to this partner

Q Is this relationship still continuing today?

If not: When and how did it come to an end?

Note: S (separation), D (divorce) or DT (death) + no. of the partner + first name of the partner at the end year of the relationship: "D 1 Akua"

Q Have you had another relationship?

REPEAT the questions for each relationship: beginning and (possibly) end of every relationship.

At the end: RECAPITULATE

MODULE PARTNERS

NOTE to interviewer: use the GRID to fill out the questions in Italics.					
Q8. No. of the partner/spouse <i>See the GRID</i>	_P_ _ _	_P_ _ _	_P_ _ _	_P_ _ _	_P_ _ _
Q9. Start and end years of the relationship. <i>See the GRID – If ongoing cross out the end of the year</i>	_ _ _ _ _ _ Start End	_ _ _ _ _ _ Start End	_ _ _ _ _ _ Start End	_ _ _ _ _ _ Start End	_ _ _ _ _ _ Start End
Q10. If the relationship ended. <i>Type of dissolution (see GRID).</i> 1. Separation or divorce 2. Partner deceased	_ _	_ _	_ _	_ _	_ _
Q11. In which country was this partner born?
Q12. Did he/she marry him/her? 1. Yes 2. No	_ _	_ _	_ _	_ _	_ _
Q13. In which year did he/she get married?	_ _ _	_ _ _	_ _ _	_ _ _	_ _ _

FAMILY HISTORY: CHILDREN (COLUMN 2.2)

Now let's talk about all the biological CHILDREN you have had in your life. Please indicate also the children who are not living with you at the moment or who are deceased.

Q What is the name of your first born child?

Q When (in what year) was your first child born?

Q Is one of the partners we mentioned before the biological parent of this child or someone else?

GRID: Note in the grid in colum 2.2: B (birth), the number of the child, the number of the partner from which it was born and the first name of the child: "B1 P1 Eva" at the year of birth. Note the possible birth outside of a relationship in the grid as follows: "B_OR Gifty".

Q **And the 2nd child, what is the name of the second child?**

Q When (in what year) was (name) born?

Q Is one of the partners we mentioned before the biological parent of this child or someone else?

Note the birth of the 2nd child in the grid, the number of the partner from which it was born and the first name of the child: "B2 P1 Eva" at the year of birth. Note the possible birth outside of relationships in the grid: "B_OR Gifty".

PROCEED in this way for all biological children.

Q14. Are all your children still alive?

1. Yes

2. No

GRID: Note the death(s): DT (death) + the number of the child + the number of the partner from which it was born + first name of the child at the year of death in column 2.2: e.g.: "DT2 P1 Kwame".

Q Were you ever the main caregiver of any other children, for example fostered, stepchildren, or adopted child?

If yes: When did the child start living with you, and until when did he/she live with you?

What is his/her first name?

GRID: Note in the grid in column 2.2: A (legally adopted), F (fostered), S (stepchild), the number of the child (continue numbering from the last biological child onwards) and the first name of the child (eg. F5 Kwaku).

Draw an arrow until the child left (or an arrow up until today if the child is still living with respondent) .

RESIDENCE HISTORY BIOLOGICAL CHILDREN (COLUMN 4 & 5)

Now I would like to ask you about the residence history of your biological children.

Q In which country was your first child (name) born?

GRID: Note in column 4 the country where this child was born in the year the child was born.

Q Has this child ever lived in another country for more than 3 months?

GRID: Locate the year of country change and draw an arrow indicating the time spent in the first country.

Proceed until the current country the child is living in.

Q Who was the main caregiver of your first child during the 1st year after his/her birth?

GRID: Note in column 5 who was the main caregiver of the child during the 1st year after birth.

Q Has this child ever had a different main caregiver for more than 3 months since birth?

GRID: Draw an arrow from the main caregiver at birth to the year the 1st change in caregiver took place and note who was the main caregiver of the child after the change. Repeat for each change till the current situation.

Q In which country was your second child (name) born?

GRID: Note in column 4 the country where this child was born in the year the child was born.

Q Has this child ever lived in another country for more than 3 months?

GRID: Locate the year of country change and draw an arrow indicating the time spent in the first country.

Proceed until the current country the child is living in.

Q Who was the main caregiver of your second child during the 1st year after his/her birth?

GRID: Note in column 5 who was the main caregiver of the child during the 1st year after birth.

Q Has this child ever had a different main caregiver for more than 3 months since birth?

GRID: Draw an arrow from the main caregiver at birth to the year the 1st change in caregiver took place and note who was the main caregiver of the child after the change. Repeat for each change till the current situation.

Proceed in this way for all children.

Now I would like to ask a few questions about all the children of whom you are the biological parent or the current caregiver (0-21 years old).
Note: Answers for questions in italics can be copied from the Age grid.

Thank you for answering these questions about yourself and your family.

This research project is about migration between Ghana and the Netherlands and on links between people living in Ghana and their families who live abroad. A really important part of this project is to carry out some research with children in Ghana whose parents have taken part in this survey. This is what makes this project groundbreaking and original.

Researchers in University Maastricht are working very closely with researchers in University of Ghana in Accra, Ghana to contact children (via their caregivers) whose parents have taken part in this survey and asking them to take part in a separate children's survey. It asks questions about their education, health and family situations. If you are willing to permit us to contact your child/children (via his/her/their caregiver) in Ghana we would be very grateful. I can tell you a little more about what this would entail.

Q99. Can I tell you more about this?

1. Yes → *read out the text in the grey box*
2. No → finish interview

We will ask you for the contact details (mobile phone numbers or address) of your child/children and their caregiver in Ghana. We (the researchers in University Maastricht) will pass these onto our colleagues in University of Ghana, Accra. In Ghana a member of a team of professional, qualified and well-trained researchers will contact your child's/children's caregiver to get permission to talk to your child/children about this research project. The national coordinator of the project in Maastricht – Dr Djamila Schans (contact details below) – is in constant contact with the head of this team of researchers in Ghana - Dr. Ernest Appiah (contact details below).

We would very much like your child to participate in our research. We plan to make their participation as straightforward as possible. All completed surveys will be kept in a secure room in University of Ghana. The information in each survey will be entered into a (password protected) computer programme and afterwards the surveys will be destroyed. **We promise to protect the identity of each young person/child who participates in the survey. Each young person's /child's participation in the research is voluntary – they do not have to take part if they do not wish to. We will not use the young person's/child's real names or your name in our publications.** In order to protect your child's privacy, we will not share their survey answers with anyone outside the project research team, although they may decide to do so themselves.

Q100. Are you willing to permit researchers employed by the TCRAf-Eu project to contact your child/children (via his/her/their caregiver) in Ghana?

- 1. Yes → *ask respondent to sign below and over leaf*
- 2. No → *finish interview*
